Stainless Steel

Visit us on-line at **RARITAN**eng.com for a full description of our other fine products.

New Door Design:

- *Door can be hinged for right or left hand opening within the Icer-ettes width reducing installation space.
- *Door panels can be easily changed to match any décor.

Color Door Inserts Include:

- *High impact, UV resistant, engineered polymer. Super strong and fade resistant.
- *Dent resistant, and non-gloss finish reduces fingerprints.
- *Custom finishes and colors can be arranged by contacting Raritan.

Additional Features:

- *Magnetic door seal ensures tight seal for more efficient operation.
- *Positive Latching feature engages automatically when door is shut. The latch simply releases when the handle is pulled.

Ice shown actual size

New Cabinet Design:

- *Our new "Flush" (style E) trim kit allows your icemaker to fit inside the cabinet space while keeping your door flush with the outside of the cabinet for a smooth appearance.
- *Traditional "Built-In" (style B) trim kits are also available for both sizes of icemakers. This option is for a more consistent look of contemporary appliances where greater visibility of the door is desired.
- *Each kit is available with mounting holes in the trim face for additional secure fastening and a consistent smooth surface.

Ice Maker Features:

- *Automatically stops ice production when bucket is full.
- *Produces over 22 Lbs. of ice per day.
- *Stores up to 11 Lbs. of ice.
- *Ice bucket is removable and dishwasher safe.

Simply The Finest:

- *Marine grade noncorrosive components.
- *Emits less noise than competitive products.
- *Anti-Shock technology safeguards from the effects of hard jolts due to rough sea conditions.
- *No circuit board, avoiding common problems of salt air and power surges.

The Best Warranty In The Industry:

- *Each unit is assembled by hand, individually tested.
- *Raritan offers a Five-Year Warranty on our compressor and a One-Year Limited Warranty on complete unit.
- *Get personal assistance from our legendary technical support team 8-5 EST Monday through Friday.
- *Comprehensive product information and troubleshooting on website – 24 hours a day.

Technical data:

Model 85 – 24 ½" H x 14" W x 14 ½" D
 Model 85E – 24 ½" H x 14" W x 16 ½" D
 Model 84E – 18 3/8" H x 14" W x 24 ½" D
 Model 84 – 18 3/8" H x 14" W x 22 ¼" D

Distributors and OEMs can stock the Icer-Ette without trim (F models) and "Built-In" trim kits. This reduces inventory and space while allowing the convenience of offering up to six different models. Design facilitates serviceability of components.

No drain required.

Available for 120 VAC, 60 HZ and 240 VAC, 50 HZ. 120 VAC has grounded plug, 240 VAC has Euro plug.
